Three County 4-H Dairy Judging Schools Held At Sellers, Miss.

A three county 4-H Dairy Judging School consisting of Hancock, Harrison and Pearl River Counties, was held on the Vee Bar Vee Ranch Friday, February 20th for the purpose of giving training to those boys who will enter the South Mississippi Livestock Show in Hattiesburg in March.

The program was under the direction of John W. Smith, Assistant County Agent of Hancock County with George Crane, Assistant Extension Dairyman from State College giving the instructions and in charge of the demonstrations and contests.

Approximately fifty 4-H and FFA boys from the three counties participated. They were divided into Senior and Junior groups according to age. The program opened with Mr. Crane giving a thirty minute discussion on "The dairy cow." He discussed the good and bad points to look for in judging and selecting the dairy animal. Also, gave instructions as to the various technical names of the various parts of the cow.

After this a class of matured jersey cows was judged with the 4-H and FFA boys placing them as to first, second, third and fourth and giving oral reasons as to why. The next class was that of young first-calf milk cows. Again the boys placed them and gave oral reasons.

After the completion of each class Mr. Crane discussed the correct placings and reasons thereof. Those assisting Mr. Smith were George McNeil, Assistant County Agent of Pearl River County; Mr. D. M. Mitchell, Assistant County Agent of Harrison County; Hugh Sanford, Soil Conservation Service, Hancock County; Max Stone, Farmers Home Administrator, Hancock County and Howard F. Simmons, County Agent of Hancock County.

To The Merchants and Residents of Hancock County Your Chamber Of Commerce Needs Your Help And Cooperation

KC News

The photo shows a happy-go-lucky College boy in deep meditation. He has been a member of the Council for several years and has been active in Council affairs since his initiation. He has served on many committees and has served as an officer of the council. He is prominent in Church programs and in Parish activities. Further clues would identify this very popular Knight. If you can identify please call Lucas Picheu at HO-7-5375.

Happy birthday greetings to Sylvester Benigno, February 24th. Sylvester was born in 1909. Birthday greetings are also extended to Lucien Kidd on February 25th. Lucien was born in 1920.

Congratulations to Mr. and Mrs. J. T. McCaleb on their Wedding Anniversary on March 3rd. Mr. and Mrs. McCaleb were married in 1919.

John Gottschalk a member of the U. S. Navy is now stationed in San Diego, California. John is the son of Mr. and Mrs. Charles Gottschalk who reside in Germantown Avenue. Reports now indicate that he is fully recovered from a recent illness while in San Diego.

Ed Murtagh, Vice-Chairman of the Blood Bank announces that there is an urgent need for blood and asks your support in the forthcoming Blood Typing on March 9th and the Drawing on April 8th.

The next regular meeting of the council will be on March 2nd.

A tentative date of the exemplification of the 1st, 2nd and 3rd Degrees has been set for April 12 or 19th in Jackson Miss.

Thanks to the members for

their response in sending more photos. I now have a supply for at least two weeks.

The photo of the handsome young man last week was our own Anthony "Tony" Morreale and the little boy in rompers was Frank Peterson. We had many calls but the identities were few.

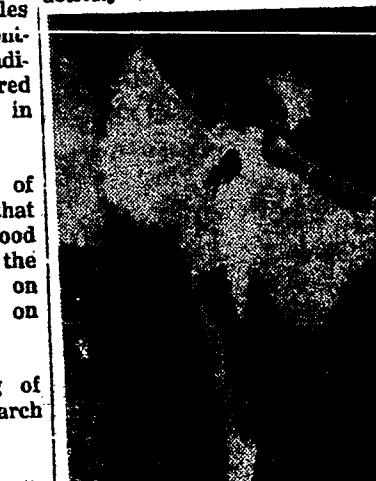

Regular monthly meeting of the Auxiliary was held last Wednesday, Feb. 18th at the K. of C. Home with two new members in attendance, Mrs. Herbert Stiefel and Mrs. James A. Ryan. Congratulations and welcome to our Council.

The month of April has been selected for the next initiation. The date and full details will be announced at the March meeting.

Speedy recovery is wished to: Mrs. Ivan Bradford, Mrs. Ed Murtagh, Mrs. Carmelita Saucier, Mrs. Jake Morreale and Mrs. Lawrence Jacobi who have been confined to their homes during the past week with a brief illness.

A membership drive is now underway and it is hoped that the drive will result in doubling the present number. Mothers, wives, and daughters who have attained their 18th birthday are eligible for membership, of course, the son or husband, must be a member of Pere LeDuc Council in good standing.

Our primary function as an Auxiliary is to assist the Knights in their social, fraternal and Church activities. If you are interested please call Mrs. Ivan Bradford who is now serving as the Third President, Mrs. Willard Gavagnie, Membership Chairman or Mrs. George E. Heitzmann. A phone call will bring any of these ladies to discuss the work and social activity of the Auxiliary.

We have been just a little jealous of the Knights in having photos of one of their members appear weekly in their news column, therefore, we are initiating

The happiest of birthday wishes are extended to Mrs. Elizabeth Courange of Lakeshore who will celebrate her 94th birthday on March 1. She has extended an invitation to her many, many friends to be with her when she has open house this Sunday at the home of her daughter, Mrs. Easter White, in Lakeshore. Her relatives and friends will help to make the day happy and memorable for this truly gracious lady.

Mrs. Courange was born in Pearlinton, Miss. March 1, 1865. She was married to Bertran Courange in 1887. Hers was almost a story book romance. Bertran Courange was her teacher. She admired him and loved him, and was indeed inspired to become a teacher herself. She taught for many years in Pearlinton, where she and Professor Courange were loved and respected for the wonderful work they contributed to the schools and the community. She moved to Lakeshore in 1908. She is the mother of 6 children: Mrs. E. White, Mrs. May Courange Dubuisson, Mrs. T. A. Smith, Bertran Kenneth Courange, Bertran Courange and Gordon Courange. She has 13 grandchildren, 24 great grandchildren and 4 great great grandchildren. These folks represent five living generations of this family.

The colorful history of the Courange family dates back to the Civil War. Mrs. Courange's father was killed in the War between the States. He was of Scotch descent. Her son, Bertran, was killed in action in World War I. When talking with this lady who is so filled with living in the present, but who is so familiar with the past one learns much. It is like turning back the pages of history. She enjoys good health and is always in a happy, cheery mood. One always feels better after being with her. To know her is a privilege. This column extends her the happiest of birthdays!

Happy birthday wishes also go to Lynne Hall, daughter of Mr. and Mrs. Norman Hall, and Christine Brockman, daughter of Mr. and Mrs. Ott Brockman of Hattiesburg. Both girls celebrated their birthdays on February 17. They are granddaughters of Mr. and Mrs. T. H. Brockman of Waveland.

Mrs. Walter Scrimshaw also received birthday wishes from her friends and relatives last week.

Mr. W. R. Dickson has his sister Mrs. R. E. L. Coon, Woodville, Mississippi, visiting him at his home on Oak Boulevard.

Mrs. Mattie Kellar visited relatives and friends in Hattiesburg during the past week. Mrs. Kellar is building a home in Garden Lane and will reside here permanently.

Mr. and Mrs. James Mocklin, Jr. and son, Keith, were entertained at dinner at the home of Mr. and Mrs. George Stelz on Feb. 22. The occasion was to celebrate the birthday of James Mocklin. Mr. George Stelz was at home for the weekend. The group enjoyed the day and all joined in extending birthday greeting to Mr. Mocklin.

Mr. and Mrs. Edward C. Harris of Garden Lane had as their guests for a week Mrs. Harris' brother, Mr. Tom McDonald and family of Meridian, Miss.

Sympathy is extended to the relatives and friends of Mrs. Joseph Connors who died last Friday. She and Mr. Connors have owned and operated a store on Railroad and Nicholson Avenues for over 30 years. Mrs. Connors passed away in her sleep.

Another outstanding citizen and a good and kind friend to so many died last week in Bay St. Louis. Mr. Rene deMontluzin, Sr. died on February 18. He was known throughout the county and the state, and served the community for many, many years as a pharmacist.

The photo here depicts a very talented young lady who is a charter member of the Ladies Auxiliary. Her talents have brought her many awards and she is still very graceful on the dance floor. She is very active in Auxiliary work. She is the mother of two children. If you can identify please call Mrs. Tom Bradford at HO-7-4325.

The auxiliary is completing plans to renovate the front hall of the second floor which will be used exclusively by the ladies for their meetings, socials, etc. We wish to extend special thanks to Mr. Al Gray for his assistance.

macist in his drug store in Bay St. Louis. Deepest sympathy is extended through this column to his relatives and friends.

Mr. Russell Alba is recuperating in Hotel Dieu in New Orleans where he is undergoing treatment. Best wishes for a speedy recovery are sent to him.

Mr. Charles Mollere is at home once again after being hospitalized. He is reported to be doing fine. Wishes for continued good health are sent to him.

Sympathy is extended to the family and friends of Mr. Peter R. Monrose of Nicholson Avenue. Mr. Monrose died Tuesday.

Those who knew Mrs. Mary Ataway Mestoyer of New Orleans will be sorry to hear of her death. She died February 5 in New Orleans at Touro Infirmary. She was buried from St. Christopher Church in Metairie and interred in the Garden of Memories cemetery. Before her marriage, Mrs. Mestoyer taught school in Waveland where she is well remembered.

Our County, today, stands on the Threshold of progress. We have the opportunity of a lifetime to go forward from now on. But things just don't move forward in a community unless the citizens, merchants, organized groups and political fathers work together as a team.

Florida, today, is one of the fastest growing States in the Union. Entire communities are springing up overnight. 16,000 families moved into one community in a year's time for retirement. Industrial development has kept pace with thousands of new industries moving into the State.

Hancock County will have an abundance of fuel for industry as there are four producing oil and gas wells; 2 new wells being drilled; hundreds of thousands of dollars being spent on exploration and leasing; two natural gas pipelines in the County and two more being planned.

While the big problem of most States today is water, both for residential and industrial development, Hancock County is blessed with an abundance of water. One of the problems of industry is to keep Labor happy during its off-hours. There is no place in the United States which offers more recreational facilities than Hancock County.

Have you ever stopped to think what happens when a new resident moves into the County? Just who benefits from it? The real estate broker, insurance broker, civil engineer, utility companies,

lawyer, doctor, dentist, building supply people, grocery stores, drug stores, stations, garages, that's what gets a slice of the pie.

Where does your Chamber of Commerce money go? There is one paid employee, our Secretary, whose salary is nominal; the balance goes for literature, stationery, postage, etc. In 1958, over 2,000 pieces of literature were mailed out all parts of the United States and foreign countries, answering inquiries and advertising Hancock County.

The Hancock County Board of Supervisors has agreed to spend between \$8,000 and \$10,000 advertising for new industry and to induce people into moving to Hancock County.

A meeting of business people was called recently to form ways and means of handling this campaign in order to obtain the utmost for the people of Hancock County. With the anticipated amount of new inquiries, your Chamber of Commerce will need more money to do the job. We have the lowest annual dues on the Coast—\$15.00 a year. We need your support and cooperation.

Every property owner and every business firm should join. The real estate owners and business people will share in the progress of the community.

Your Board of Directors are working hard for your community. By helping them, you are helping yourself.

FORESTRY PRODUCTS BASIC TO PROSPERITY

Forestry and forestry products comprise a great Mississippi industry. About \$2.50 out of every \$10 which the average Mississippi plan may have comes from some phase of forestry, either direct

or indirectly. All told, our state income from forestry products was \$50 million in 1987 and the figure is constantly increasing. The mistake of cutting trees without replanting in past years is being corrected and the present program is enabling us to grow trees faster than they are being cut. Late figures show that 57 percent of Mississippi's total forest is now growing trees, with 10 percent of the timber owned by small landholders.

Open Letter To Mississippians
At a time when much of the nation was affected by a general business recession, Mississippi's economic progress continued unabated.
Gains in population, employment, bank deposits, plant investments, per capita income, oil and gas production and other indices were evidence of a diversified, growing and more stable economy.
More new and expanded industries were reported in Mississippi during 1958 than in any previous year—70 new and 42 expanded ones. And industrial employment reached an all-time peak.
Despite revolutionary changes in agriculture, the value of her farm crops was the largest on record by about 9 percent, and 15 percent above the 1947-49 average.
In twelve new oil and gas fields 195 producing wells were drilled in 1958. From 2,500 producing wells in 147 fields, the mineral output for the year totaled approximately \$150 million, with Mississippi ranking tenth in oil production in the United States.
Bank deposits in Mississippi mounted to an all-time high of \$1,153,157,618. Her percent-

Of First Baptist Church
The congregation of the First Baptist Church of Gulfport, Miss., will participate in a Mass Festival on March 1, this festival will include various musical groups of the Gulf Coast Baptist Association. The meeting will be conducted in the Grace Memorial Baptist Church in Gulfport at 2:30 p. m.
The Sunday school events include the regular council supper at 6:00 p. m. Wednesday. Each department will plan its future work following this fellowship supper. Moreover, the ladies class which is named "Mary and Martha" will gather for a pot luck supper party on Friday, March 6, at 7:00 p. m. in the home of Mrs. Henry Kothman, 5 Chadwick Lane, Waveland.
Cottage prayer meetings, which are being conducted in behalf of the revival crusade, will meet in each of the four zones on Monday night. M. J. Necaise is general chairman for the prayer groups. The city has been zoned into four areas for the convenience of its population in attending a prayer group. The four zone captains are Billy Breland, M. L. Hill, Mrs. A. M. Orrie, and Russell Chapman. The prayer services began Monday, February 23rd and will be conducted for three Monday nights.
at 1 P. M.
Mr. Smith, who is connected with the Extension Service at State College, will give the demonstration at the request of the Hancock County Demonstration Agent, Mrs. Gloria Clay Mauldin.
All Home Demonstration Clubs are invited to attend.

The Facts Speak

Open Letter To Mississippians

At a time when much of the nation was affected by a general business recession, Mississippi's economic progress continued unabated.
Gains in population, employment, bank deposits, plant investments, per capita income, oil and gas production and other indices were evidence of a diversified, growing and more stable economy.
More new and expanded industries were reported in Mississippi during 1958 than in any previous year—70 new and 42 expanded ones. And industrial employment reached an all-time peak.
Despite revolutionary changes in agriculture, the value of her farm crops was the largest on record by about 9 percent, and 15 percent above the 1947-49 average.
In twelve new oil and gas fields 195 producing wells were drilled in 1958. From 2,500 producing wells in 147 fields, the mineral output for the year totaled approximately \$150 million, with Mississippi ranking tenth in oil production in the United States.
Bank deposits in Mississippi mounted to an all-time high of \$1,153,157,618. Her percent-

age increases since 1939 in bank deposits and business volume, in pulp, paper, furniture, apparel, mining, food and fabricated metal manufacturing, and in electric power production, exceeded the national average by a considerable margin.
And Mississippi, with her high per capita birth rate, which has contributed so substantially to the economy of other states, shows a gain in population for the first time in two decades.
These are, indeed, promising days for a state that ranked fifth among the states in wealth and first in the number of millionaires before the War Between the States. For a state so long the most rural in the union, with 87 percent of her workers at one time directly dependent upon agriculture, a new day now dawns. To a people long famed for their perseverance, patience and tolerance, the sun rises over a horizon aglow with unparalleled opportunities.
For the believers and boosters, for all men and women of fortitude and faith, ours becomes a happier and more abundant future. And no one need make any apologies for these achievements.

PONTIAC NAMED CAR OF THE YEAR

"Pontiac with wide-track wheels is the best combination of ride... handling... performance and styling of any '59 car" —The Editors of Motor Trend Magazine

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

"It's the best balanced passenger car in America. We firmly believe that in moving the wheelbase farther apart to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

"Pontiac's lines are clean, simple and beautiful. It has a sleek look, a trim appearance. The wide wheel design contributes greatly to its over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!
